Ms. Marjorie Thomas
P.O. Box 3
Vernon, Utah 84080

Dear Ms. Thomas,

On February 7, 2007, the Salt Lake Field Office received a new exploration Notice for your exploratory activities in Section 27, T. 10 S., R. 6 W., to replace Notice U-77799, which expired on January 22, 2007.

We have reviewed said Notice and determined that it meets the requirements found at 43 CFR 3809.301. Therefore, we will close U-77799 and your new Notice will be serialized U-77831. Please use this serial number for any future correspondence. Be aware that you are still responsible for the mining related disturbances conducted under Notice U-77799 and your new Notice will include all past, present and future disturbances at this site.

Also, the \$2,300.00 financial guarantee that we have on file covering the expired Notice U-77799 is of a sufficient amount at this time to cover your existing disturbance and proposed new Notice. In order to comply with BLM regulations, we will need a "Rider" from you so we can move your bond from file U-77799 to file U-77831. Opie Abeyta, from the BLM Mining Law Adjudication Team will contact you with the information necessary to resolve this issue.

Once these matters have been taken care of, your new Notice U-77831 can be accepted and you can continue your exploration project.

If you have any questions, or require additional information, please contact Larry Garahana of my staff at (801) 977-4371.

Sincerely,

Acting
For
